

**BROWNSTOWN TOWNSHIP PLANNING COMMISSION
WORK SESSION**

Monday, July 12, 2010

The Charter Township of Brownstown Planning Commission departed from the Community Center at 21311 Telegraph Road, Brownstown, Michigan at 6:00 PM, on Monday, July 12, 2010, to conduct a site visit at 5970 W Warren, Detroit, Michigan.

PRESENT: Chairman Zurawski, Members Allen, Armatis, Chapman, Knappmann, and Taft. Also present were Township Planner Borden and Economic Development Manager DiSanto.

ABSENT: Shastal

Site visit to Parts Galore Used Auto & Truck Parts, 5970 W Warren, Detroit, Michigan.

Members toured the facility until closing time at 8:00 PM. Several comments were made on various items.

The sign at the entrance seemed temporary. Members did not like the bright yellow cars on platforms at the front of the parking lot.

The size of the parking lot seemed very large.

The building where customers enter and exit the facility was extremely clean and clutter free considering the nature of the business. Almost every member asked how many years that location had been open (3 years).

The lot where the cars were parked was well organized with all of the cars separated by make and cars older than 1980 together in one area.

Most of the members wanted to see the flattening machine in operation to witness the amount of noise that it makes.

Adjournment: Motion by Chapman, supported by Allen, to adjourn meeting at 8:55 P.M. All voting aye.

David G. Zurawski Sr., Chairman
